

Canadian Amateur Sambo Federation

Toronto, Canada

After participating in 2011 USA Open and Pan-AM Sambo championships, we must say that it was one of the most enjoyable tournament experiences to date. It was obvious how much thought, work, and love the organizers have put into this event. It was such a pleasure to see Sambo on the American soil!

Seeing so many countries represented at this North American venue, participating in and enjoying Sambo was so refreshing and inspirational. The patient and impeccable professionalism of the referees and timekeepers, especially with the young excitable fighters was a pleasure to behold.

It was a treat to see all the coaches bring their teams from their distant homes to participate in this inspiring event. The fighters full of energy, the spirit of competition and mutual respect brought together by the organizers and their love of Sambo.

Dr. Kogan, it was evident, and greatly appreciated, how much of your thought and deed went into this event.

Mr. David Rudman, your participation and energy was such an amazing treat!!!

We are pleased and honored to have attended this event and look forward to many more future tournaments that involve such talent, expertise and spirit.

A huge, heartfelt THANK YOU to all of you!

For Canadian Amateur Sambo Federation
Viktor Sokolovski, President
